Case No. 800-2017-036518

Public Letter of Reprimand

An investigation by the Medical Board of California revealed that you failed to have a chaperone present in the examination room during a full body skin examination wherein the genitalia and private areas of a patient were examined, and you failed to wear gloves during the physical examination of the patient's genitalia.

These actions constitute a violation of Business and Professions Code sections 2234(a) and 2234(c).

Pursuant to the authority of the California Business and Professions Code section 2233, you are hereby issued this Public Letter of Reprimand by the Medical Board of California, and you were required to enroll in and complete a professionalism program (ethics course).
